PROFESSIONAL SUMMARY

Results-driven Software Developer with over 2 years of experience in Full Stack development and CI/CD automation. Proven track record in optimizing backend systems, implementing containerized workflows, and developing scalable cloud solutions. Expert in Python, Java, and DevOps tools like Docker, Jenkins, and GitHub Actions to improve system reliability and deployment efficiency.

TECHNICAL SKILLS

Languages: Python, Java, NodeJS, TypeScript, JavaScript, SQL, HTML/CSS, Jinja, VBA, Shell Scripting (Bash)
Frameworks & Libraries: React, Flask, Android Studio, Gradle, Material UI, Bulma, Capacitor, Sentry, Jest
DevOps & CI/CD: Jenkins, Maven, SonarQube, Trivy, Nexus, Docker, Kubernetes (K8s), GitHub Actions, Git
Cloud & Monitoring: AWS, Prometheus, Grafana, Linux, Apache Tomcat, Unix
Databases: Firebase, Supabase, MongoDB, PostgreSQL, MySQL, SQLite
Development Concepts: Containerization, REST APIs, TDD, SOLID Principles, Clean Code, Microservices
Professional Skills: Project Management, Problem Solving, Agile Methodologies, Cross-functional Collaboration

WORK EXPERIENCE

Chimble Learning (Sutara Learning Foundation)

Jan 2025 – Present

Software Developer

Bangalore, KA

- Engineered a scalable data synchronization engine supporting **20,000 simultaneous users** with robust offline functionality for low-connectivity environments.
- Developed a centralized operations console to monitor real-time student data and fieldwork progress, enhancing data-driven decision-making.
- Resolved critical technical bottlenecks in the Chimble App, improving application uptime and reliability for global users.

Continental AM

Nov 2023 – Oct 2024

Software Engineer Trainee

Bangalore, KA

- Automated project dependency analysis using Python and GitHub APIs, resulting in a **70% reduction** in manual management effort.
- Optimized automated reporting for Polyspace Codeprover, reducing manual reporting time by **80%** and improving compliance documentation.
- Developed automation scripts to track repository tags and commits, ensuring version control integrity across large-scale projects.

PROJECTS

Node.js CI/CD Pipeline | GitHub Actions, Docker, AWS EC2

2025

- Designed and implemented an end-to-end automated CI/CD pipeline for a Node.js application.
- Containerized the application using **Docker** and automated image pushes to **Docker Hub**.
- Orchestrated deployment on **AWS EC2** with zero-downtime restarts and secure credential management via GitHub Secrets.

Java Student Management App | Jenkins, Maven, Tomcat, AWS

2025

- Developed a **Jenkins Declarative Pipeline** to automate Java application build and deployment processes.
- Utilized **Maven** for compilation and packaging (WAR) and deployed on **Apache Tomcat 9**.
- Configured **systemd** services on Linux for secure service management and enabled automated deployment on every commit.

Chimble App | Python, React, Supabase

2025

- Architected a high-concurrency data upload pipeline and an offline synchronization engine for seamless performance.

CIP InsightPro Analyzer | Flask, MongoDB, REST API

2024

- Built a security-focused web interface to analyze repository metrics, implementing rate-limiting and persistent data storage.

Customized Polyspace Reporting | VBA, VBScript, Python

2023 – 2024

- Leveraged automation to perform high-fidelity file analysis and custom report generation, reducing technical debt.

EDUCATION

Ramaiah Institute of Technology

Master of Technology in Computer Science (CGPA: 8.58 / 10.0)

2022 – 2024

Bangalore, KA

Presidency University

Bachelor of Technology in Computer Science (CGPA: 8.46 / 10.0)

2018 – 2022

Bangalore, KA

ACHIEVEMENTS

- **Research Publication:** "Improving The Performance of An Advanced Algorithm for Task flow Scheduling In Cloud Computing," *The Seybold Report*, 2024.
- **Certifications:** Certified Ethical Hacker (CEH), AWS Certified Solutions Architect / Cloud Practitioner, DevOps Engineering (Jenkins/Docker), Java SE Professional, Python & Shell Scripting Certification, Linux Administration, Windows Server Management.
